HOW TO LAYER IT

Berry Refined Scrub™ is a Step 1 Cleanse product and is the first step in your skincare routine. For optimal results, follow with your favourite Step 3 Target products.

HOW TO USE IT

Use one to two times a week. For sensitive skin types, recommended use is once a week or every other week.

After cleansing, remove a small amount from the jar with the provided spatula. Apply to damp skin using gentle circular motions, avoiding contact with the eye area. For an extra treat, leave on the skin as a masque for five minutes. Rinse with warm water or a wet, soft cloth. Pat dry. Follow with your MONAT Skincare Routine.

Customise your level of exfoliation by using more water for gentler exfoliation or less water for a stronger exfoliation experience.

Healthy skin tip: Do not exfoliate prior to sun exposure. Apply sunscreen 15 minutes before heading outside.

WORKS WELL WITH

BE GENTLE™ Creamy Cleanser

An ultra-mild creamy cleanser that gently releases and draws out skin impurities releasing trapped makeup, surface oil, and dead surface cells while softening and smoothing, revealing a clean, moisturised, revitalised looking complexion.

BE GENTLE™ Nourishing Moisturizer

A multitasking, exceptionally comforting skin cream that immediately infuses the skin with long-lasting moisture and soothing ingredients while helping to promote skin suppleness and protect the skin from daily drying environmental aggressors, revealing a healthy-looking glow.

DID YOU KNOW?

Exfoliation helps remove dead skin cells and is essential for skin health. Our skin benefits most from a combination of gentle physical and chemical exfoliation. These are key to improving the skin's ability to absorb the nutrients in MONAT Skincare. Exfoliation does not need to feel or be aggressive to be effective.
