

# MONAT STUDIO ONE™ Curl Defining Cream

Curls, Coils & Waves / All Hair Textures / Style

**118 ml e / 4 fl. oz.**

## Why you'll love it

This lightweight curl-perfecting cream creates curls with the perfect amount of definition and frizz-free separation.

### WHY IT WORKS

- Creates full, round, spring-back curls
- Leaves hair soft to the touch, never crunchy
- Created for all types and all lengths of natural curly hair

### IDEAL FOR THOSE WHO

- Want long-lasting, natural-looking curls
- Want a cream that helps define your natural curl pattern
- Want a cream that is easily layered with other MONAT Step 2 Style products

### HOW TO USE IT

Apply evenly from root to ends of wet or towel-dried hair. Diffuse or let hair air-dry.

### HOW TO LAYER IT

MONAT STUDIO ONE™ Curl Defining Cream is a Step 2 Style product. It is applied after cleansing and conditioning. For optimal results, follow with your favourite Step 3 Finish products.

### WORKS WELL WITH

#### Renew™ Shampoo

A gentle cleanser that deeply hydrates moisture-deprived hair, revitalising its appearance and leaving it soft and more manageable.

#### Replenish™ Masque

A rich hydrating treatment masque that deeply conditions and hydrates each hair strand, restoring hair brilliance and revitalising its appearance for stronger-looking hair.

# Ingredient Overview

## WAVEMAX™

A 100% naturally derived blend of linseed and chia seed extracts that provides hair with anti-frizz, smoothing and protective benefits.

## KERAMATCH

A vegetable-based alternative to animal keratin that helps the appearance of hair to make it look stronger.

## SHEA BUTTER

Provides nurturing moisture for beautiful curls.

## MURUMURU SEED BUTTER

Deeply conditions hair and adds extraordinary shine to lack-lustre looking strands; helps improve combability, detangling and smoothness of hair.

### DID YOU KNOW?

Want the secret to smooth and shiny curls?

Curly hair is in its smoothest state when it is soaking wet. The goal should be to apply your leave-ins and stylers as quickly as possible after you get out of the shower and without drying the hair. If your hair starts to dry as you are working in the product, re-wet each section before you continue to apply.
